# Prawin Raja SR

srprawinraja@gmail.com | +91 9600757387 | portfolio - srprawinraja.netlify.app

## EXPERIENCE

**PLATTR TECH STUDIO** | Software Engineer Intern
Jan 2025 – April 2025 | Madurai, Tamil Nadu

- Developed a bulk email sending API using NestJS, fetching templates and data from S3, automating large-scale emails, and significantly improving email marketing efficiency.
- Designed and integrated RESTful for an e-commerce website and mobile app backend, ensuring seamless interaction with relational databases and improving data flow efficiency.

## PROJECTS

**WEATHER FORECAST INTEGRATED WITH MACHINE LEARNING** Frontend Code | Backend Code
Jan 2025 – Jan 2025 | RetroFit, Kotlin, Android Studio, MVVM, Jetpack Compose, FastAPI, Python, Random Forest, Render

- Built a native Android application that displays current weather, today's forecast, and extended multi-day predictions, providing users with accurate and accessible weather insights.
- Developed the backend in Python (FastAPI), integrating Open-Meteo and OpenWeather APIs to deliver JSON responses to the Android client built with Kotlin + Jetpack Compose and Retrofit; deployed backend on Render.
- Trained a forecasting model on 15 years of historical data, achieving over 70 accuracy with a Mean Squared Error of 1.x, ensuring reliable predictive performance.

**REAL-TIME NEWS READER APPLICATION** | Source Code
Aug 2025 – Aug 2025 | Java | XML | Android Studio | RetroFit | MVVM | NewsAPI

- Developed a native Android app that displays real-time top headlines, allowing users to browse by category, search articles, and view detailed news content.
- Built the application in Java with XML using MVVM architecture, and integrated the News API via Retrofit to fetch category-specific headlines efficiently.
- Delivered responsive performance with low-latency API integration, ensuring smooth and reliable real-time news updates for users.

## ACHIEVEMENTS

**TECHNICAL ACHIEVEMENTS**

- Solved over 440 problems on LeetCode.
- Cleared round 1A codechef competition: [Link]
- Authored 40+ Medium articles on software development and Android/SQL programming.

## EDUCATION

**MADURAI KAMARAJ UNIVERSITY - PALKALAI NAGAR**
MCA in Computer Application
Apr 2025 | CGPA 7/10

**THE AMERICAN COLLEGE**
BCA in Computer Application
May 2023 | CGPA 7.2/10

**ST JOSEPH MATRICULATION HIGHER SECONDARY SCHOOL**
Pcm with Computer Science

## SKILLS

**PROGRAMMING LANGUAGES**
• Java

**TOOLS TECHNOLOGY**
Git/Github • Android • Windows • Android Studio • SQL (30+ queries practiced on LeetCode) • Android SDK

**OTHERS**

- Problem Solving
- Logical thinking

## COURSEWORK

**UNDERGRADUATE**
**Mobile Computing**
**Object Oriented Programming**
**Data Structure Algorithm**
**Version Control Systems**

## AREA OF INTEREST

**Software Development**
**Data Structure and Algorithm**
**Technical Writing**
**Mobile Application Development**
**RESTful API Development**
**Version Control**
**Design Patterns**
